## **Corporate Head Office & Tokyo Office Relocation**

Thank you very much for your support of our business.

CDK has successfully entered the global market by introducing our own brand RF products, and has achieved this new segment of sales increase by 240%, compared with the previous half year.

We are very pleased to announce that the head office will be integrated with Kumamoto plant, so that we can make our reporting line simple, make a decision speed up and enhance especially Asian business. In addition, our Tokyo office will move to the address below.

We are excited to continue serving you from the new location. Please accept our sincere gratitude for your continuous support. And best wishes in your future business endeavors.
