CDK relocates Tokyo Design Center (TDC)

We are pleased to announce that the office space of our Tokyo Design Center (TDC) will be expanded from 12th February 2018, by moving from 8th Floor to 7th Floor at the current premise “DMJ 6th building” in Roppongi.

CDK launched Tokyo Design Center (TDC) on July 1st, 2017 for the purpose of expanding and enhancing our new business areas such as IoT/Telecommunication devices, apart from our existing world’s No.1 market share LNFET products, including that of the receiving wave unit for the Parabolic Antenna.

Details of our new TDC office space are as follows. We greatly appreciate your continued support.

New Address	DMJ 6 th building 7 th Floor, 4-12-8 Roppongi, Minato-ku, Tokyo, Japan
TEL	+81-3-6721-0601 (no change)
Opening date	February 12 th , 2018
Business	R&D of IoT/Telecoms devices, Domestic/Overseas sales and Accounting
